Annual Report for the Academic Year 2014-15

**On 16<sup>th</sup> May, Parama Pujya Swamiji visited our School and Blessed the Students and the Teachers for a successful year.**

## **A) Governance**

It has been, yet another, all round successful & satisfying year for the School. Successful not only for the Students evidenced by their performance at the S.S.L.C examination but for the Teachers too, who apart from their duties of tutoring their Students, have also worked hard at participating in various competitions and competing successfully with their peers from other Schools.

What is very satisfying and fulfilling is the fact, that our students have not only excelled in their curricular & academic spheres, but have been equally participative and successful in the extra curricular activities such as Sports, Arts & Dramatics.

**The School Teachers with Parama Pujya Swamiji**

Our School Teachers

It requires a sense of deep commitment & consistent efforts on part of the faculty and students to achieve all that they have and we are proud to state that they have risen magnificently to the occasion as usual.

The road to the success has not being easy.

- Teachers take extra classes after school hours & hold special classes during vacation and holidays,
- Students receive individual attention.
- Students are actively encouraged to think, ask questions and engage themselves in various activities.
- S.S.L.C. students are divided into small manageable groups of 10 or 11 and each group is under the care of one staff member who guides them on preparing for the exam including providing for additional reference & reading resources.
- Regular Parents-Teachers meetings are held.
- Students are encouraged and nominated to participate in seminars organised in co-ordination with the Education Department.

A statement by Dr.Shankuntala Katre, an eminent Educationist, sums it up all. She recently visited the Srivali School for the first time and it was thrilling to hear her state, that she did not anticipate visiting a School in a rural area such as Shirali and find it as good as any School in the urban areas. That she was highly impressed at what she saw and heard in her interaction with the Staff and Students of the School.

Dr. Shakuntala Katre was Head of the Biology Department of the Bangalore University before becoming the Registrar of the University. After retirement, she has for long been associated with NAAC (National Assessment & Accreditation Council) an autonomous institution under the University Grants Commission & has headed many Peer Teams that evaluate and award Grades or Ratings to educational institutions.

She is also associated with many educational institutions including being on the Governing Body of Christ University, Bangalore, Secretary, Academics of Mysore Education Society which runs several educational institutions and has been a guide to several Doctoral Students and is very highly regarded in the Academic circles.

She offered her seva in visiting the Srivali School and to lend her expertise in guiding the School's Governing Council on various matters.
